

PLASTIC PIPE CUTTERS

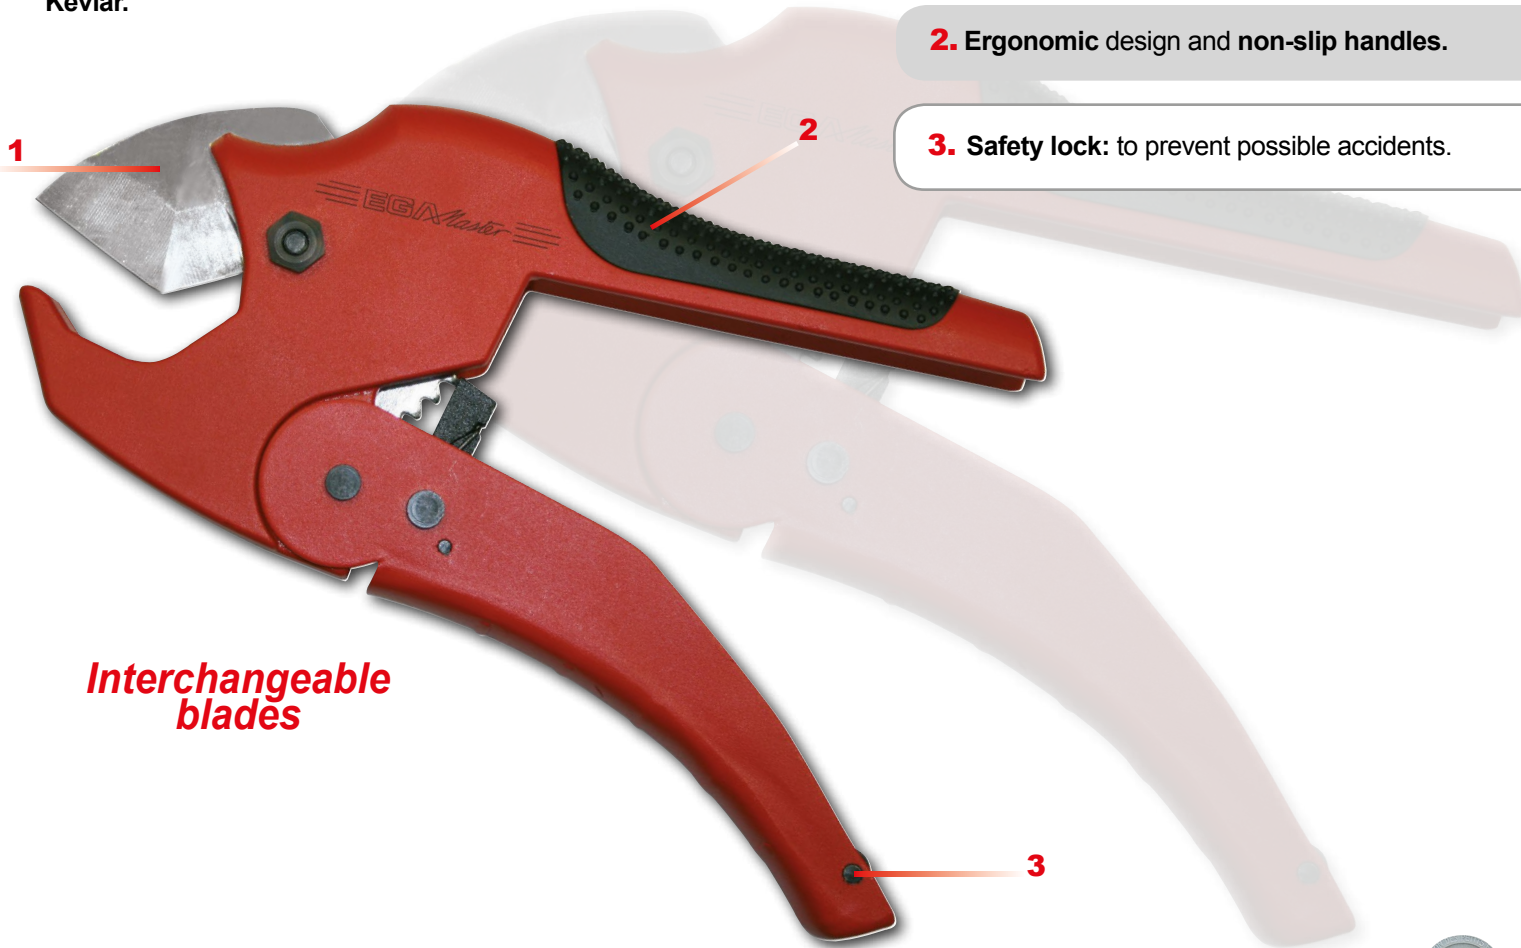

The wide range of EGA Master plastic pipe cutters are designed for cutting pipes of different materials and sizes, depending on user needs.

The patented design of the blade and the accurate geometry of the attack angle, make this tool the most versatile to cut PE, PP, PB, VPE, PVDF, PEX, multilayer, PVC, rigid PVC pipe even Kevlar.

1. Efficient and accurate action: thanks to its precision machined blades, allowing quick and smooth cuts.

2. Ergonomic design and non-slip handles.

3. Safety lock: to prevent possible accidents.
